

## **GENERAL MAINTENANCE SERVICES**

### ***SPRING CLEAN UP***

Clean up and removal of leaves & debris from gardens and lawn. Deadheading of any perennials or grasses left from the previous season.

### ***GARDEN EDGE RESTORATION***

Spade or mechanical edge restored along existing garden beds where gardens meet the lawn. Provides a clean defined edge for mulch to roll into. Provides a nice surface to run line trimmer along during routine mowing and trimming all season long!

### ***HARD EDGE RESTORATION***

Mechanical edge restored along driveways, sidewalks, patios and curbs where these hard edges meet the lawn. Provides clean defined separation between hard surface and the adjacent lawn. This makes routine hard edge maintenance look even better!

### ***MULCH INSTALLATION***

Top Dressing Gardens with Shredded Mulch (Black or Brown). ½" to 1" annually. This not only freshens your landscapes appearance but helps combat weeds!

### ***GARDEN PRE-EMERGENT***

Pre-emergent Weed Control in garden beds. Granular application that mitigates seeds from germinating before they become unsightly weeds!

### ***GARDEN WEEDING***

Seasonal Garden weeding. We use a combination of pre-emergent controls, herbicide applications and hand pulling to reduce the overall presence of weed activity in your garden beds.

### ***EARLY SUMMER PRUNING (PRUNE 1)***

Shrub Pruning & Clean Up generally performed in June or July. Only shrubs & small ornamental trees (up to 15') that can appropriately be pruned in this time frame are included.

### ***MID/LATE SUMMER PRUNING (PRUNE 2)***

Shrub Pruning & Clean Up generally performed in August or September. Only shrubs & small ornamental trees (up to 15') that can appropriately be pruned in this time frame are included.

### ***LATE SUMMER/EARLY FALL PRUNING (PRUNE 3)***

Shrub Pruning & Clean Up generally performed in Late September or October. Only shrubs & small ornamental trees (up to 15') that can appropriately be pruned in this time frame are included.

### ***FALL CLEAN UP***

Clean up and removal of leaves and debris from gardens and lawn. Deadheading of any expired perennials. Cutting back of ornamental grasses (unless directed otherwise). Generally scheduled for 3 visits to keep your gardens and lawn looking good throughout the Fall season.

## **MOWING SERVICES**

### ***PREMIUM MOWING***

Seasonal Mowing & Trimming performed weekly. Garden Edge & Hard Edge Maintenance performed bi-weekly. Bagging of clippings as equipment allows. Blowing off all hard surfaces. Requires both Garden Edge & Hard Edge Restoration.

### ***ENHANCED MOWING***

Seasonal Mowing & Trimming performed weekly. Garden Edge & Hard Edge Maintenance performed monthly. Double Cutting of clippings as needed. Blowing off all hard surfaces. Requires both Garden Edge & Hard Edge Restoration.
